## AHP General and Nevada Targeted Funds Summary

---

### Overview

The Affordable Housing Program (AHP) facilitates the development of affordable rental housing and homeownership opportunities for very low-, low-, and moderate-income households. Through a competitive award process in the AHP General and Nevada Targeted Funds (Fund or Funds), the Federal Home Loan Bank of San Francisco (Bank) provides grants or subsidized interest rates on advances to members to finance their affordable housing initiatives.

The AHP is administered in accordance with the Federal Home Loan Bank Act and the applicable regulations and policies of the Federal Housing Finance Agency. All AHP subsidies are governed by these laws and regulations, as amended from time to time. To review the AHP regulations and amendments, visit the [Code of Federal Regulations](#).

The Bank may withdraw its approval of any AHP application at any time and for any reason until the Bank has issued a written confirmation specifying the terms upon which the Bank will disburse the AHP subsidy award. Calculations in the application or exhibits to the application must be free of errors and consistent throughout. Applications with submission errors, omissions or inconsistencies that result in an incomplete analysis of the application may not be accepted. The Bank has ultimate discretion and authority as to the approval and rejection of all AHP subsidies. The interpretation and implementation of scoring criteria and financial standards shall be subject to the Bank's sole discretion.

Members and sponsors who receive AHP subsidies are required to submit periodic project reports to the Bank. In addition, each member that receives an AHP subsidy will be required to certify that the full amount of the subsidy has been passed on to the project and used in accordance with the terms of the AHP application, as approved by the Bank and applicable regulations. If a member or sponsor becomes aware that a subsidy is no longer being used as approved, the member and the sponsor must notify the Bank and must either cure the noncompliance, modify the project, or repay the amount of subsidy that is not used in compliance with the terms of the application.

Projects awarded subsidies must be completed, or have all homebuyer mortgages closed, and have all AHP subsidies disbursed prior to the four-year anniversary of the award; otherwise, the subsidy will be subject to cancellation. If, prior to four years from the award date, the Bank determines that a project has failed to make reasonable progress towards draw down of the subsidy and completion of all proposed units such that it is unlikely to complete the project within four years, the Bank may, in its discretion, cancel up to the entire amount of the AHP subsidy awarded to the project.

For each project that meets the minimum eligibility standards listed below, the Bank evaluates the application based on the extent to which the project meets the priorities and objectives of the AHP relative to the other applications submitted in the competition. The Bank scores and evaluates applications based on pre-established criteria, which are described in Attachment A, B, C and D of the Bank's [AHP Implementation Plan](#). The Bank ranks applications within each Fund based on these scoring processes and awards funds to the highest-ranking feasible projects until it has awarded all funds available, except for any amounts insufficient to fund the next highest scoring application. For the General Fund, projects with identical scores will be ranked in descending order based on scores received in the Project Readiness, In-District, Housing for Households Requiring Large Units, and Community Stability categories. For the Nevada Targeted Fund, projects with identical scores will be ranked in descending order based on scores received in the Project Readiness, Small Rental Projects, Housing for Homeless Households, and Community Stability categories.

## General Fund and Nevada Targeted Fund Guidelines & Minimum Eligibility Requirements

1. The AHP subsidy shall be used exclusively for:

The purchase, construction, or rehabilitation of an **owner-occupied** project by, or for, very low-, low-, or moderate-income households. A household must have an income meeting the income targeting commitments in the approved AHP application at the time it is qualified by the sponsor for participation in the project, or for

The purchase, construction, or rehabilitation of a **rental** project, where at least 20 percent of the units in the project are occupied by, and affordable for, very low-income households. For new construction or unoccupied renovation of an existing building, a household must have an income meeting the income targeting commitments in the approved AHP application upon initial occupancy of the rental unit. For projects involving the purchase or rehabilitation of rental housing that is already occupied, households must be income-qualified upon initial occupancy after completion of acquisition or rehab for projects with an approved relocation plan or at the time the application for AHP subsidy is submitted to the Bank for approval for projects without an approved relocation plan.

2. The project must demonstrate developmental and operational feasibility, and need for subsidy, in accordance with the Bank's Feasibility Analysis Standards. In the Bank's [AHP Implementation Plan](#), see Attachment A, Exhibit 1 for Feasibility Analysis Standards for the General Fund and Attachment C, Exhibit 1 for the Nevada Targeted Fund.
3. The project's costs, taking into consideration the geographic location of the project, development conditions, and other non-financial household or project characteristics, must be reasonable, in accordance with the Bank's project cost guidelines, set forth in Attachment A, Exhibit 1 and Attachment C, Exhibit 1 of the Bank's Implementation Plan.
4. The rate of interest, points, fees, and any other charges for all loans that are made to the project shall not exceed a reasonable market rate of interest, points, fees, and other charges for loans of similar maturity, terms, and risk.
5. Some, or all, of the AHP subsidy must be likely to be drawn down by the project or used by the project to procure other financing commitments within 12 months of the date of award approval.
6. AHP subsidies may be used to pay for counseling costs only if such costs are incurred in connection with counseling of homebuyers who actually purchase an AHP-assisted unit, and if the cost of the counseling has not been covered by another funding source, including the member.
7. The project may use AHP subsidies to refinance an existing single-family or multifamily mortgage loan, provided that the refinancing produces equity proceeds and such equity proceeds up to the amount of the AHP subsidy in the project shall be used only for the purchase, construction, or rehabilitation of housing units meeting AHP eligibility requirements.
8. Each AHP-assisted unit in an **owner-occupied** project must be, or is committed to be, subject to a 5-year retention agreement described in the AHP Regulation.
9. Each AHP-assisted **rental** project must be, or is committed to be, subject to a 15-year retention agreement described in the AHP Regulation.
10. A project's sponsor must be qualified and able to perform its responsibilities as committed to in the AHP application by showing that it has sufficient capacity and staff experience to perform project roles and integral responsibilities through the entire AHP retention period. Sponsors must show they have been engaged in the ownership, management, or development of affordable housing for a 1-year minimum.

11. The project, as proposed, must comply with applicable federal and state laws on fair housing and housing accessibility, including, but not limited to, the Fair Housing Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Architectural Barriers Act of 1969, and must demonstrate how the project will be affirmatively marketed.
12. The maximum subsidy per project is limited to \$2,000,000 in the General Fund and \$1,250,000 in the Nevada Targeted Fund.
13. The project may not use AHP subsidy to pay for processing fees charged by members for providing AHP direct subsidies to a project, capitalized reserves such as operating, replacement, transition, or social service reserves, or for periodic deposits to reserve accounts, operating expenses, or supportive service expenses.
14. Completed projects, defined as projects that have received their temporary or final Certificate of Occupancy, Notice of Completion, and/or final building permit sign-off, may not apply for subsidy.
15. Multiple applications for AHP subsidy:
  - a) An incomplete project may apply to any FHLBank San Francisco AHP fund and another FHLBank's Fund so long as the application is submitted prior to construction completion. The project must demonstrate a need for both AHP awards. If the project demonstrates a need for only one AHP award but multiple awards are received, then the project must only accept one award.
  - b) An incomplete project with an existing FHLBank San Francisco AHP award that has not yet been disbursed and needs additional funding may submit a new application for a larger AHP award amount in a subsequent General Fund or Targeted Fund round. The application must be submitted with a subsidy amount greater than the existing subsidy amount. If the new application is approved with the new subsidy amount, the existing award will be withdrawn. The new award will be the effective award in all respects. The project will be renumbered and evaluated with scoring, need for subsidy, and financial feasibility criteria applicable to the round in which the new application is approved.
  - c) A completed project with an existing AHP award from FHLBank San Francisco or another FHLBank, may not submit a new application in a General Fund or Targeted Fund if the project is still within its AHP retention period.
  - d) Nevada-based projects may apply for AHP subsidies through both the General Fund and the Targeted Fund. Concurrent applications to both Funds must request the same amount of AHP subsidy. If a Nevada-based project scores high enough to be approved under both Funds, the application shall be approved under the Targeted Fund.
  - e) Projects and/or households are eligible to receive AHP subsidies from only one of the following programs: the General Fund, the Targeted Fund, or the Set-Aside program.
16. If the property owner, lessee, or sponsor acquires the project property from a party, affiliated in any way with the property owner, lessee, sponsor, or any other persons or entities involved in the project, in a non-arm's length transaction, the Bank will consider such acquisition to be a related party transaction. When evaluating related party transactions, the Bank may consider any net cash gain from the transaction as excess sources of funds, unless the gain is: 1) contributed to the project as owner equity, 2) provided to the project as carry-back financing, or 3) used to retire existing debt on the property.

17. In addition to the program guidelines and eligibility requirements listed above, projects applying to the Nevada Targeted Fund must be located in the state of Nevada.
18. A minimum of 20 percent of the units must be occupied by households at or below 50 percent of the applicable area median income (AMI).

More details on eligibility and program guidelines for the General Fund and Nevada Targeted Fund can be found in the Bank's [AHP Implementation Plan](#).

Sample

Please note the following changes to the [AHP Implementation Plan](#) and application materials.

### AHP Eligibility Requirements

Revised award limits are implemented for the 2026 funding round, as shown below.

- Each project sponsor may receive awards for no more than two projects per round. If more than two projects are submitted, awards will be made to the two highest scoring projects submitted by the project sponsor in that round.
- Awards will be capped at the lesser of 50% of a project's total development cost or \$2 million in the General Fund and \$1.25 million in the Nevada Targeted Fund.
- The maximum amount of subsidy a rental project may apply for is \$65,000 per unit.
- The maximum amount of subsidy an owner-occupied project may apply for is \$100,000 per unit.

### Approval Process – Multiple application for AHP Subsidy

Resubmissions are now allowed for FHLBank San Francisco AHP projects that have not yet received disbursement, are not yet complete, and wish to apply for a higher award amount due to increased project costs. If the new application is approved with the increased subsidy amount, the existing award will be withdrawn and the new award will be the effective award in all respects.

A completed project with an existing AHP award from FHLBank San Francisco or another FHLBank, may not submit a new application in an FHLBank San Francisco General Fund or Targeted Fund round if the project is still within its AHP retention period.

### AHP Application Scoring Criteria – General Fund and Nevada Targeted Fund

#### Donated Property

Guidance has been updated to cap allowable ground lease costs at no more than \$100 per year and to provide transparency about what types of property transfers do or do not qualify for points.

1. A pass-through donation from an affiliated party is allowed when the underlying donation was originally from a third-party.
2. Projects or property transfers that do not qualify for points include, but are not limited to:
  - Rehabilitation projects that do not involve the acquisition of land or existing structures.
  - Property transfers with “strings” attached, including any type of loan, transfer or donation of funds, residual receipts payments (regardless of whether payments are anticipated), or other atypical requirements.
  - A donation of funds or making of a loan to a sponsor or co-developer to be used to purchase property.
  - A property purchased by a third-party from the sponsor or co-developer and then donated back to the sponsor, co-developer, or project.
  - Land leases with upfront or additional annual payments required above the \$100 nominal annual payment, including compliance fees and residual cash flow rent, regardless of whether payments are anticipated.

#### Nonprofit Sponsorship

The Emerging Minority-Owned Business Enterprise/Women-Owned Business Enterprise Developer subcategory has been removed. In the General Fund, overall category points are reduced from 9 to 7. In the Nevada Targeted Fund, these points will remain under nonprofit sponsorship to award 2 points for developers based in Nevada.

### **Housing for Homeless Households**

Guidance has been revised to align with other project funder's homeless definitions and clarify which units may not be eligible for points.

1. Occupied rehabilitation projects may only earn homeless points for units that are vacant at the time of AHP application submission, unless the project is transitional housing or is awarded points under Native Housing.
2. The fifth definition of homelessness has been revised to use the term 'serious illness' in place of 'serious mental illness'.
3. A new definition is added to include an individual or family who is defined as homeless under other state, local, or federal rules and regulations, or under guidelines from another project funder.
4. The definition covering tribal homelessness has been revised to incorporate definitions in Tribal Admissions and Occupancy Standards.

### **Community Stability**

The Community Stability category has been revised to align more closely with other project funders, close existing scoring gaps, simplify scoring and documentation requirements, ensure a more substantive and meaningful scope of rehabilitation, and introduce Opportunity Zones as an additional point option.

### **Revitalizing Neighborhoods by Optimizing Project Site Use**

1. Residential rehabilitation projects are not eligible to receive infill points, they must instead meet the standards outlined under substantial rehabilitation.
2. Adaptive reuse projects must demonstrate that at least 75% of the project's units are newly created housing units to be eligible for credit. Additionally, the scope of work must be substantial enough to require a construction permit.
3. To qualify for points under Substantial Rehabilitation, projects must not only meet the required \$25,000 per-unit threshold, but must also include a level of construction activity that is substantial enough to require a construction permit.

### **Economic Development Strategy**

Projects located within an Opportunity Zone may now qualify for points under the Community Revitalization or Economic Development Strategy subcategory in the General Fund. Projects located in Opportunity Zones will also be eligible for points under the Economic Integration or Economic Development Strategy Community Stability subcategory in the Nevada Targeted Fund. Official maps showing the project's location within an Opportunity Zone must be provided to receive points.

### **Proximity to Transit and Amenities**

1. The allowable radius is increased from one-third to one-half (1/2) mile. All distance measurements must continue to be verified using third-party sources such as Google's "measure distance" tool.
2. Documentation requirements have been revised to eliminate the submission of transit route maps. Additionally, clarification has been added to confirm that amenities must be relevant to the proposed project to qualify for points.
3. The prior 5,000 square foot requirement for grocery stores has been removed. A grocery store is now defined as a store that sells staples, fresh meat, and fresh produce, which can include similar grocery sections in large multi-purpose stores.

### **Sustainable Developments**

This subcategory has been updated to remove the 4-point Net Zero option, though 3 points will still be awarded for this level of certification. Additionally, adaptive reuse projects are not eligible to receive sustainable development points.

### **Preventing or Minimizing Household Displacement**

Projects without official third-party relocation plans now have the ability to outline their relocation efforts within the AHP application and not upload another document.

### **Project Readiness**

Scoring is now the same for owner and rental projects.

1. Point option for identified homebuyers on ownership projects has been removed
2. Point option for owner-occupied scattered-site downpayment assistance projects that do not involve construction or rehabilitation has been removed.

### **Native Housing**

Language is updated to make clear that only one of the listed eligibility criteria is required to receive points.

### **Subsidy Per Unit**

Scoring for owner-occupied projects has been modified so that projects requesting \$60,000 or less per unit will receive the maximum points, projects with requests greater than \$60,000 and less than or equal to \$100,000 per unit will receive one point less.

### **AHP Application Scoring Criteria – General Fund Only**

The following scoring categories have been revised.

1. Home Purchase has been increased from 6 to 7 points.
2. Community Stability - Homeownership and Economic Integration: The one point available for lease-to-own rental projects has been removed.
3. Subsidy Per Unit has been increased from 3 to 4 points.

### **AHP Application Scoring Criteria – Nevada Targeted Fund Only**

The following scoring categories have been revised.

1. Special Needs has increased from 5 to 6 points.
2. Large Units has decreased from 7 to 3 points.
3. Rural Housing has increased from 3 to 5 points.
4. Small Rental Projects has increased from 4 to 7 points
5. Native Housing has decreased from 7 to 5 points.

### **AHP Financial Review - General Fund and Nevada Targeted Fund**

1. The maximum allowable capitalized replacement reserve amount for new construction projects has been increased from \$0 to an amount equal to one year of the project's annual replacement reserve contribution.
2. The General Fund developer fee benchmark upper limit has been increased to 17%. The Nevada Targeted Fund developer fee upper limit may align with what has been approved by the Nevada Housing Division in connection with another project funding source.
3. The operating cost per unit benchmark has been removed since it is no longer needed following an FHFA Advisory Bulletin issued in October 2024.

### AHP Application Submission Instructions

To submit an application in the 2026 AHP General Fund or Nevada Targeted Fund, the AHP Application and all related documents must be successfully uploaded to the appropriate secure portal workspace by **Tuesday, March 3<sup>rd</sup>, 2026, 5:00 pm Pacific Time**. Before documents can be uploaded to the secure portal, a [workspace](#) must be created for each project, and authorized workspace representatives must be identified and authenticated to gain access. Only authorized representatives of the member and sponsor identified on the AHP Secure Portal Workspace Set-up Request will be permitted to submit documents for a specific project. Co-developers and consultants are not permitted access to the secure portal workspace. The electronic submission of the AHP Application will serve as the official AHP Application submission. The Bank cannot accept AHP Applications via USPS, fax, courier, or email.

### AHP Application Submission Process

1. Request a secure portal [workspace](#) for the AHP Application by completing and emailing the [AHP Secure Portal Workspace Set-Up Request](#) to [ahpportal@fhlbsf.com](mailto:ahpportal@fhlbsf.com). Secure portal workspace requests must be received by **Tuesday, February 24<sup>th</sup> 2026 5:00 pm Pacific Time**.
2. Download the AHP Application Materials from the [Resources](#) section of the Bank's website and complete all required application documents, as shown on the following AHP Application Checklist.
3. Make sure all attachments are clearly referenced in the AHP Application.
4. Complete the Financial Workbook. Review the "Workbook Instructions and Notes" tab first to become familiar with important guidelines for each of the input tabs.
5. Upon completing the AHP Application and AHP Financial Workbook, use the AHP Application Comparison Worksheet in the Workbook to determine if the data entered in the completed Workbook matches the data entered in the completed AHP Application. If there are any inconsistencies, revise the AHP Application and the AHP Financial Workbook and re-run the AHP Application Comparison Worksheet.
6. Upon email confirmation of the creation of a secure portal workspace, upload all required AHP Application documents to the secure portal workspace, keeping in mind the following:
  - Upload AHP Application documents to the appropriate folder.
  - Do not rename, move, or delete secure portal workspace folders.
  - Do not create new folders.
  - Do not include encrypted documents, they cannot be imported into our database.
  - Do not restore files from the workspace recycle bin.
  - The AHP Application workbook must be uploaded as an .xlsx file and the financial workbook must be uploaded as an .xlsx file after the macro has been run as noted above.
  - Upload supporting attachments as Adobe Acrobat PDFs.
  - Combine documents to be uploaded to each individual folder into a single file (e.g., all documents supporting responses in the Community Stability scoring category must be combined into one PDF document and uploaded to the Community Stability Features Documentation folder). Only one file is allowed in each individual folder in the secure portal workspace.
  - Upload only relevant documents. Do not upload blank ("not applicable") documents (e.g., if your project does not have donated or conveyed property, do not upload any documents to the "Donated or Conveyed Property Documentation" folder).
  - Note that re-uploading files into folders will overwrite previously uploaded files.
  - Exclude personal identifying information (PII), such as complete social security, driver's license, or financial account numbers, on any of the uploaded documents.
  - Ensure all documents uploaded for AHP Application submission are accurate, consistent, and final by the AHP Application deadline, **Tuesday, March 3<sup>rd</sup> 2026, 5:00 pm Pacific Time**. Only documents uploaded and submitted by the deadline will be considered.
7. During the review process, the Bank may contact member and sponsor representatives listed on the applications for additional information.

8. Identified representatives of the member and sponsor for each application will be notified of awards via email in late June 2026 and a list of all awards will be posted on the Bank's [website](#). At that time, the member and sponsor grant recipients will be instructed by the Bank to complete a Direct Subsidy Agreement.

## Index of Secure Portal Workspace Contents

An AHP Application workspace should list the project's name at the top. The following folders should appear in your project's AHP Application workspace:

- **AHP Application**  
(Upload Excel file: AHP 2026 General Fund Application or AHP 2026 Nevada Targeted Fund Application)
- **Benchmark Deviation Documentation**
- **Committed Financing Documentation**
- **Community Stability Features Documentation**  
(Upload signed AHP Community Revitalization or Economic Development Plan Area PDF file for General Fund applications, if applicable)
- **Donated or Conveyed Property Documentation**
- **Financial Worksheets**  
(Upload Excel file: AHP Rental Application Financial Workbook or AHP Owner-Occupied Application Financial Workbook)
- **Homeless Household Documentation**
- **HUD Income Limits**
- **Land Cost Validation**
- **Market Study** (Owner-Occupied AHP Applications only)
- **Native Housing Documentation**
- **Nonprofit Sponsorship Documentation**
- **Promotion of Empowerment Documentation** (General Fund Applications only)
- **Readiness to Begin Construction Documentation**  
(Upload signed AHP Application Project Readiness Building Permit PDF file for General Fund applications, if applicable)
- **Rental Subsidy Documentation**
- **Rural Status Documentation**
- **Site Control Documentation**
- **Supplementary Application Materials**
- **Tax Credit Limited Partnership Agreement**

*\*Do not upload documents to the secure portal workspace that are not applicable. For example, if an item such as Rural Status Documentation does not apply to your project, leave that folder empty.*

For more information, see [How to Upload AHP Documents](#). For questions about uploading documents to the secure portal workspace, email [ahpportal@fhlbsf.com](mailto:ahpportal@fhlbsf.com), or call (415) 616-2542.

### AHP Application Software Requirements

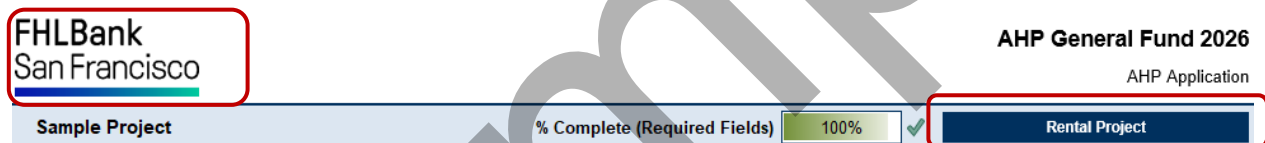

Applicants must use Microsoft Excel 2007 (or later) in order to open, complete, and save the AHP Application. **Note: The file must be uploaded to the secure portal workspace in .xlsx file format.**

### Selecting the Project Type to Start the AHP Application

When you have downloaded the AHP Application for the appropriate Fund and are ready to begin, select the project type (Rental or Owner-Occupied), and click “Start Application” on the right side of the screen. Note that once you have clicked the “Start Application” button, you will be taken directly to the AHP Application for the selected project type. You will not be able to return to the landing screen to re-select a project type. If you have selected the wrong project type and you have already saved the document, you will need to download a new AHP Application and begin again.

### Navigation

The AHP Application uses links to simplify navigation between various sections. Note that in this reference guide we use screenshots of the General Fund application, however the Nevada Targeted Fund application functions are identical. If you prefer not to scroll through the Application, use the links, generally displayed as **underlined and bolded blue text**, to “jump” to specific sections. You can return to the top of the AHP Application (table of contents) from anywhere in the AHP Application by either clicking the FHLBank San Francisco logo or “Back to Top” in the section headers:

### Completing the AHP Application

After selecting the AHP Application type (Rental or Owner-Occupied) from the landing page, you can begin filling out the AHP Application. The AHP Application is divided into several sections. Within each section are two types of fields: input fields that can be populated as you progress through the AHP Application, and read-only fields that will display information, such as totals, subtotals, counts, and percentages, based on data you have entered in other fields. Read-only fields cannot be edited.

All fields requiring an input are denoted with a small, yellow exclamation point icon (⚠) to the right of the box. When a valid input has been entered, the exclamation point icon will automatically change to a green checkmark icon (✅). A field without an exclamation point icon is considered optional and does not need to be populated in order to complete the AHP Application. Note that a field’s required vs. not required status may change as the AHP Application is populated with information.

There are two types of fields: free-form fields where you type a value, and fields with drop-down menus that display a list of acceptable values to select. For example, most Yes/No questions are presented as a field with a dropdown menu:

New construction .....	Yes	
Rehabilitation .....	Yes	
Acquisition .....	No	✓
Mixed-use (includes revenue-generating commercial space) .....	No	✓

## Data Validation & Warning Messages

The AHP Application is designed to provide instant feedback on the validity of data entered into each field. All input fields – required or optional – will display a green checkmark icon (✓) once a valid response has been entered:

City

San Francisco
✓

Conversely, a red x icon (✗) will be displayed for an invalid entry:

Email Address\*

Jane.Doe@fakeemail
✗

Invalid Domain Name

In some cases, the validation error will be a result of entering the wrong type of data into a field. For example, if a field requires a numerical value and you enter a text value, the AHP Application will display an error message that asks you to either change the value or undo the entry.

In other cases, the validation error will be a result of entering invalid information based on other entries made in the AHP Application. For example, if you specify that there are 100 Total Project Units, but enter 100 income-restricted units and 1 non-income restricted unit (making the total project units 101), an error message will display:

Total Number of Units in Project		Units Restricted to 80% AMI or Below		
100	✗	Row	Number of Units	Target AMI
Must Equal Sum of Income and Non-Income Restricted Units		1	60	50.00%
Units Not Restricted to 80% AMI or Below		2	40	60.00%
1	✓	3		
		4		

Note: If the AHP Application contains **any** validation errors, it will not be considered complete.

## Error Indicators in the Application Table of Contents

If an AHP Application contains any field-level errors, the Application Table of Contents can be useful in pinpointing exactly where the errors are by displaying an overall status of “Data Error(s)” in the Progress box next to a section name. For example, if there are field-level data validation errors in the Project Location and Member Information sections, the Application Table of Contents will indicate those error conditions:

Application Table of Contents	
1. General Information	Progress
a. <a href="#">Project Location</a>	Data Error(s) ✖
b. <a href="#">Member Information</a>	Data Error(s) ✖
c. <a href="#">Sponsor Information</a>	Not Started

## Application Progress

As data is entered into the AHP Application, progress is automatically tracked and refreshed in real-time. Progress is tracked and displayed at both the overall AHP Application level **and** the Application section level. At the overall level, an AHP Application will be considered complete once **all** required fields have been populated with valid data and no fields, whether required or optional, have data validation errors.

Note: Only AHP Applications that are 100 percent complete should be uploaded to the AHP secure portal workspace.

## Saving the AHP Application

As with any Microsoft document, the AHP Application can be saved at any time by simply pressing the Save button in Excel or by pressing the Office Buttons (top-left corner of your Excel window) and clicking “Save.” **All AHP Applications must be saved in .xlsx format and uploaded as Excel files to the AHP secure portal workspace.**

Contact the Community Investment Department at [ahpportal@fhlbsf.com](mailto:ahpportal@fhlbsf.com), or (415) 616-2542 with questions, or visit the [Affordable Housing Program](#) section of the Bank’s website.

map must be legible and have a clear third-party scale, such as Google's "measure distance" tool, and legend. Applications with non-contiguous scattered-site addresses will need to include multiple maps showing the distance from each property address to relevant transit line/amenity.

- Location in High Resource Areas or Upper-Income Census Tracts
  - California projects must provide printout(s) of the state's [Opportunity Map](#). Non-California projects must provide printout(s) of the project census tract(s) from the [website](#) of the Federal Financial Institution Examination Council (FFIEC) showing the project's location in an upper-income census tract.
- Project Site is Occupied and an Acceptable Relocation Plan is in Place
  - If available, provide the third-party relocation plan approved by federal, state, or local government funders with appropriate expenses allocated for relocation assistance in the development budget. Projects without a third-party plan may outline relocation efforts within the application.

### Interest Rate Assumptions Guidelines

The following Guidelines are to be used to determine interest rates on permanent loans from a conventional financing source when a quote or loan commitment has not yet been received. If there is a quote or commitment, the rate should be within the range listed in these Guidelines, or an explanation should be provided in the financial workbook. To ensure consistent standards in the review process, the Bank will evaluate all AHP projects based on selected interest rates and guidelines. Interest rates on permanent loans directly impact a project's debt service and resulting feasibility; thus, it is important for sponsors and members to use accurate interest rate assumptions given the timing of the project's conventional financing.

For 2026, rates as of December 31<sup>st</sup>, 2025 should be used in the calculation of a project's annual debt service for project without a permanent loan commitment. Please base your rate assumptions on the guidelines and rate tables on the following page or include documentation supporting the lender's interest rate in Committed Financing Documentation if a commitment is in place.

### Guidelines

1. If the institution providing the loan has determined an interest rate at the time of Application, that rate may be used, regardless of current rates. Please document the interest rate and include in the Committed Financing Documentation.
2. All indexed rates are based on rates as of December 31<sup>st</sup>, 2025.
3. If the Application states that the loan to the borrower will be based on the Bank's Community Investment Program (CIP) rate plus a spread, please use the CIP rate for the applicable term plus the spread when calculating the project's debt service. (Refer to the CIP rate table on the following page.)
4. If the Application states that the loan to the borrower will price off another index that is published and obtainable for the selected date, please use that index as published for December 31<sup>st</sup>, 2025. **Please document the source of the rate quote and attach a copy of that document to the Application** (e.g., a page from Telerate, Bloomberg, Reuters, or *The Wall Street Journal*).
5. If the Application states that the loan to the borrower will price off the institution's own market rate, to be determined on an unspecified date in the future, on or near the loan's funding date, the rate used for purposes of scoring the application must fall within the range of CIP plus 150 basis points to CIP plus 250 basis points. (Refer to the CIP rate table on the following page.)
6. In cases where major sources of conventional financing are provided by lenders other than the member submitting the application, please follow the same guidelines for rate assumptions.
7. If the loan's maturity is nonstandard, impute a rate from the surrounding terms. For example, if the term is 17.5 years, then the rate assumed must be halfway between 15 and 20 years.
8. If the project proposes the sale of mortgages in the secondary market, and the subsidy is the difference between the market price of the mortgage and the discounted price, please use mortgage price indications as of December 31<sup>st</sup>, 2025. **Please document the source of the price quote and include a copy of that document in Committed Financing Documentation.**
9. No rates shall exceed current market rates.

If you have any questions about these guidelines, please call the Community Investment Department at (415) 616-2542 prior to the application deadline of **Tuesday, March 3<sup>rd</sup> 2026**.

The following rates are as of December 31<sup>st</sup>, 2025.

## Owner-Occupied Projects Market Study Guidelines

Owner-occupied new construction projects (excluding self-help construction) are required to submit a market study or analysis to demonstrate the project's feasibility as required in the "Market Feasibility" field in the Project Type and Characteristics section, of the AHP Application. The market study or analysis can be completed by a third-party or by the project sponsor. If income from the sale of market rate units is expected to finance the project, the analysis should also support the feasibility of the market rate units.

To meet the minimum requirements, the market study or analysis must have been completed or updated within 12 months of AHP Application submission, and it should:

- **Identify the primary and, if applicable, secondary market areas.**

Provide a description of the boundaries for the primary market area (PMA) and the rationale for the PMA boundaries. The PMA must be the smallest geographic area from which the project will draw the majority of buyers. If there is compelling evidence to support that potential buyers will come from outside the primary market area, a secondary market area (SMA) may be included. If an SMA is included, describe the boundaries for the SMA and provide the rationale for the SMA boundaries.

- **Describe neighborhood conditions.**

Provide a description of neighborhood conditions, including land-uses and, for single-site projects, the use and status of adjacent properties. Include photos of the site, taken from the project site and of adjacent properties to the north, south, east, and west.

- **Provide a summary of the demographic and economic conditions (current conditions, trends and projections) for the PMA and, if applicable, the SMA.**

Include information on the number of households, household size, housing tenure, and income level by tenure; the area's economic and employment trends, including major employers in the immediate area, their status in terms of growth and stability, and approximate number of employees earning income within the income band of affordability.

- **Provide a summary of housing supply for the PMA and, if applicable, the SMA.**

Include information on the number of units targeting the same population that are currently under construction or planned concurrently with the proposed project, including square footage and number of bedrooms and amenities; recent market activity and trends, including sales volume, sales prices and length of time on market for comparable units; age and condition of comparable units, if available; if the project is for first-time homebuyers, the number of comparable rental units, based on bedroom size, monthly rents for comparable rental units, and vacancy rates for comparable rental units.

- **Provide a summary of the project demand for the PMA and, if applicable, the SMA.**

Include sources of demand for new units (renters entering the homeownership market or household growth resulting from natural growth and/or in-migration); the number of households (and renter households if first-time homebuyer) by household size with incomes sufficient to afford the average monthly mortgage payment for proposed units and less than the target AMI indicated on the Owner-Occupied Project Benchmarks worksheet.

- **Describe how the units will be marketed.**

- **Describe other factors that may influence the project's success.**

Include the availability of homebuyer education and counseling services, the availability of lenders to provide financing, and the strength of real estate agents to market units.

- **Provide a summary and a conclusion.**

Include the strengths and weakness of the proposed project; whether demographic and economic conditions point toward a growing or weakening demand for the proposed units; expected absorption period or marketing timeframe, stated as the number of months that it will take to sell all proposed units; and sources of data and information.

## Prior FHLBank San Francisco Subsidy Award

Prior Award Amount

Project Name

Project Number

Enter zero if no prior award has been received. An incomplete project with an existing FHLBank San Francisco AHP award that has not yet been disbursed and needs additional funding may submit a new application for a larger AHP award amount in a subsequent General Fund or Targeted Fund round. The application should be submitted with a subsidy amount greater than the existing subsidy amount, not to exceed the application subsidy limits in effect in the round in which the new award is to be made. If the new application is approved with the new subsidy amount, the existing award will be withdrawn. The new award will be the effective award in all respects. The project will be renumbered and evaluated with scoring, need for subsidy and financial feasibility criteria applicable to the round in which the new application is approved.

A completed project with an existing AHP award from FHLBank San Francisco or another FHLBank may not submit a new application in a General Fund or Targeted Fund round if the project is still within its AHP retention period.

## Subsidized Advance Requested

All approved requests for subsidized advances will be considered advance commitments and will be subject to the terms and conditions, including applicable cancellation and prepayment fees, of the Advances and Security Agreement between the member institution and the FHLBank San Francisco. The repayment and amortization terms of the subsidized advance must match those of the member institution's loan to the project.

An incomplete project may apply to any FHLBank San Francisco AHP Fund and another FHLBank's AHP Fund prior to construction completion. If the project demonstrates a need for both AHP awards, the project may keep both AHP awards. If the project demonstrates a need for only one AHP award but multiple awards are received, then the project must only accept one award.

Members and sponsors of completed projects with existing AHP awards from FHLBanks other than San Francisco may not submit new applications for FHLBank San Francisco AHP subsidy on behalf of these projects if the projects are still within their AHP retention periods.

Indicate the number of donated units in the project and the source of the donation in the applicable subcategories below.

Transaction consummation may occur prior to or after the application deadline. For properties that were donated or conveyed at a nominal or below market price prior to application, transaction consummation must have occurred within five years of the application deadline or start of construction, whichever is earlier. If the donation has not yet occurred by the application deadline, documentation of the price and other terms of the future donation must be legally binding. Consummated donation or conveyance at a nominal or below market price must ultimately be documented to maintain points.

**Points will not be awarded if supporting documentation is not submitted with the application.** No points will be awarded if **less than 20%** of project units or land associated with the project is: a) donated, b) conveyed for an amount significantly below fair market value, or c) acquired from the federal government or any agency or instrumentality thereof. Non-arm's length transactions, as determined at the sole discretion of the Bank, would be ineligible for points, as are rehabilitation projects that do not involve the acquisition of land or existing structures. A pass-through donation from an affiliated party is allowed when the underlying donation was originally from a third-party.

Donation of Property

Donated units are created as a result of the conveyance of units or land for a nominal price by the federal government or any agency or instrumentality thereof, or by any other unrelated party. A nominal price is defined as \$1,000 or less, and may be accompanied by modest expenses related to the conveyance of property for use by the project, such as typical closing costs. To receive credit for donation at a nominal price, there must be no additional strings attached to the transfer of property, such as any

type of loan, transfer or donation of funds, residual receipts payments (regardless of whether payments are anticipated), or other atypical requirements. A donation of funds or making of a loan to a sponsor or co-developer to be used to purchase property is ineligible for points. A property purchased by a third party from the sponsor or co-developer and then donated back to the sponsor, co-developer, or project is ineligible for points.

Land leases may qualify for points in this category if the lease extends at least as long as the applicable AHP retention period and annual land lease and/or administrative payments are \$100 or less, provided there are no other upfront payments or additional annual payments required. This includes, but is not limited to, compliance fees and residual cash flow rent, regardless of whether payments are anticipated.

Properties acquired at an amount significantly below fair market value may receive up to 4 points, with points increasing as the property price decreases. To qualify for points, the total sales price must be 20% or less of the property's fair market value. For ground leases, the annual ground lease payment, including any required residual receipts (regardless of whether they will be paid), must be 20% or less of the property's fair market value ground lease. The property's FMV must be established by an appraisal from a federal, state, or local agency, or by an appraisal prepared by an appraiser certified in the state where the project is located. Sponsorship by a Not-For-Profit Organization or Government Entity (Maximum Points: 7)

Status: Not Started

Estimated Score: 0

Projects will be awarded points based on the extent to which the qualified nonprofit or government entity is integrally involved in the aspects of the project identified below, as determined by the Bank. **A copy of the sponsor's 501(c)(3) designation or other evidence of tax-exempt status must be submitted with the application.** Articles of Incorporation and/or Corporate Bylaws are not acceptable evidence of tax-exempt status. **The sponsor must be the parent organization and not an affiliate organization; however, the sponsor may demonstrate its ownership interest in the project through a wholly controlled affiliate. Affiliate organizations that do not generally qualify for project sponsorship include: the development affiliate of a nonprofit or housing authority, the project LP, a CHDO affiliated with the parent organization, an LLC affiliated with the parent organization.**

If the project involves additional development partners or owners that are for-profit entities, the nonprofit sponsor or government entity sponsor must be able to certify that, taking into account without limitation, all agreements, side letters, and ancillary arrangements with a for-profit entity, it is: 1) not controlled or owned by any for-profit entity; and 2) not created or managed by any for-profit entity.

All information provided in this section must be consistent with the information provided under Sponsor Information and the Project Sponsor Profile.

Sponsor Classification

Type of Sponsor Organization .....

If this is a nonprofit organization, submit supporting 501(c)(3) documentation with the application.

Are the following two statements true? .....

- 1) The project sponsor is not controlled or owned by any for-profit entity.
- 2) The project sponsor was not created by a for-profit entity or managed by a for-profit entity.

A nonprofit Sponsor must demonstrate that it meets these threshold requirements to the satisfaction of the Bank, at its sole discretion.

Nonprofit Sponsor Involvement

To qualify as a nonprofit sponsor of an owner-occupied project, an entity must be integrally involved by exercising control over the planning, development, or management of the project, or by qualifying borrowers and providing or arranging financing for the owners of the units.

Is the nonprofit sponsor integrally involved in:

Points will not be awarded if less than 20% of the total project units are reserved for first-time homebuyers.

First-time homebuyers must meet one of the following requirements to qualify:

- a. The potential homebuyer or spouse has had no ownership in a principal residence for a three-year period ending on the purchase date of the property. If either qualifies under one of these requirements, both are considered First-Time Homebuyers.
- b. The potential homebuyer is a single parent who has only owned a home with a former spouse while they were married.
- c. The potential homebuyer is a displaced homemaker who has only owned a home with a spouse.
- d. The potential homebuyer is an individual who has only owned a principal residence not permanently affixed to a permanent foundation, according to applicable regulations.
- e. The potential homebuyer is an individual who has only owned a property that was not in compliance with state or local building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.

Number of Units Reserved for First-Time Homebuyers

**Estimated Score: 0**

Indicate the number of units **reserved** for homeless households. Homeless housing includes permanent owner-occupied housing that reserves at least 20% of the units for homeless households. Occupied rehabilitation projects may only receive points for units which are vacant at the time of application, unless the project is transitional housing or is awarded points under Native Housing. **Points will not be awarded if: 1) less than 20% of the total project units are reserved for homeless households or 2) reserved units are for those considered “at-risk” of homelessness. Projects that receive points in Housing for Special Needs Populations are not eligible to receive points in this category.**

The Bank fully defines “homeless households” in its Implementation Plan, which should be reviewed prior to requesting homeless housing points. Homeless household means:

1. An individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning:
  - a. An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation, including a car, park, abandoned building, bus or train station, airport, or camping ground;
  - b. An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations); or
  - c. An individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution;
2. An individual or family who will imminently lose their primary nighttime residence within 14 days and who has not identified, and lacks the resources or support needed to identify, other permanent housing.
3. Unaccompanied youth under 25 years of age, or families with children, who are defined as homeless under other federal statutes, have not recently been permanently housed, and have experienced, and can be expected to continue to experience, persistent instability.
4. Any individual or family who is fleeing or is attempting to flee domestic violence or other dangerous condition, has no other residence, and lacks the resources or support needed to obtain other permanent housing.
5. An individual with a serious illness or emotional disorder who would otherwise be considered at risk of homelessness as defined below and who will reside, alone or with their family, in a unit that is funded by a government agency program that specifically defines and serves this type of household. Note: This definition does not apply to most projects as it must be documented with funding guidelines from a government agency program that specifically serves this population.
6. An individual or family who is defined as homeless under other state, local, or federal rules and regulations, or under guidelines from another project funder.
7. An individual or family:
  - a. Who would otherwise be considered at risk of homelessness per federal, state, or Tribal Admissions & Occupancy Standards (TAOS) definitions; and
  - b. Will reside in a Tribal project that is awarded points under Native Housing.

The Bank considers a household to be “at-risk” of homelessness, and ineligible for points, if they are living in overcrowded conditions, living in the home of another individual because of economic hardship, living in a hotel or motel not paid for by charitable funds, or otherwise living in housing that has characteristics associated with instability.

At the time of initial monitoring, the Bank will require documentation confirming that the specified units have been reserved for homeless households meeting the Bank’s definition of a homeless household. This documentation must include: 1) evidence that the households were referred to the project by an established organization or agency that has been providing services to the homeless for at least three years (homeless services provider), and 2) certification from the homeless services provider that the person or household referred meets the definition of homeless households stated above. For transitional housing where the Sponsor is also the homeless services provider, documentation may include an intake form, signed by both the head of household and the Sponsor, which verifies that the household met the Bank’s definition of homeless household at move-in.

In order to receive points for projects with units reserved for homeless households that are shown in the application pro forma to generate rents set at the maximum for incomes greater than 30% of the area median, but which also have no dedicated source of rental subsidy, the Bank will require that the applicant: 1) explain how the project will be able to absorb the potential cash flow deficit caused by the homeless units during the retention period, and 2) submit documentation from a homeless service provider that sufficient households exist in the target market area that are able to pay the scheduled rent for the units reserved for homeless households.

**Promotion of Empowerment (Maximum Points: 5)**

Status: Not Started

**Estimated Score: 0**

Points will be awarded to projects in which the housing is provided in combination with a program or programs offering economically empowering services and opportunities for all homebuyers, such as workforce development readiness, pre-and post-homeownership counseling, sweat equity contribution, health care, on-site child daycare services, after-school care, out-of-school services or if a bonafide service coordinator/social worker will be available to homebuyers.

Only services or programs that promote economic empowerment of homebuyers qualify under this scoring criterion. Services or programs must be of a regular, ongoing nature and provided to all homebuyers free of charge, except for daycare services. Services or programs must be providing on-site except that projects may use off-site services provided that they have a written agreement with the service provider enabling the project's homebuyers to use the services or program free of charge. Referral services will not be eligible for points.

To receive points for a "sponsor provided" service, the plan describing the service or program must be submitted with the application. The plan must have been completed within one year prior to the application submission deadline date.

To receive points for a service or program provided by an organization other than the sponsor, an executed Memorandum of Understanding (MOU), service contract, or letter of commitment for the service must be completed by the provider of the service or program, and submitted with the application. The MOU, service contract, or letter of commitment must have been executed within one year prior to the application submission deadline date, or clearly still be in effect.

If supporting documentation is not submitted for a particular service or program selected, points will not be given for that activity. Documentation must include the following information: (1) service provider name; (2) service or program description; (3) scope of service or program; (4) service provider commitment to project; and (5) any costs to homebuyers. Additionally, to receive points, you must complete the Promotion of Empowerment Budget in the Application Financial Workbook, showing annual projected expenses and sources of funding for the service(s).

Services must be available to all homebuyers to receive points. If the service is available to the community at large, the documentation must indicate specific accommodations, special access, or preferences secured for homebuyers.

**Indicate which services and programs will be provided to financially empower homebuyers.** Each empowerment feature listed below is worth five points; however, no more than 5 points will be awarded in this category. No partial points will be given. To receive 5 points, the project sponsor must commit to providing at least one of the seven empowering services or programs.

## Project Services or Programs

---

### 1. Training and Education

Services should include employment/workforce development readiness services or programs; vocational training; employment/career counseling and job placement; or adult-accredited education programs that include English as a second language, GED, and computer classes. Frequency of service requirements is bi-monthly (once every two months) or equivalent.

### 2. Pre-and Post-purchase Homeownership Counseling

Pre-purchase counseling services should include core curriculum such as credit counseling, budgeting, money management, and predatory lending awareness and prevention counseling. Post-purchase counseling services should include core curriculum such as budgeting, maintaining good credit, calculating and understanding home equity, retirement savings, and foreclosure prevention. Pre-and post-purchase counseling should include workshops such as home maintenance, repair, and improvements.

### 3. Sweat Equity Contribution/Self-help

Contributions should consist of a minimum of 250 hours of activities required of the homebuyers or their families directly related to the construction of the home.

### 4. Health Care Services or Programs, Including Mental and Behavioral Health Services

Services should include healthcare management programs that support residents' ability to find or sustain employment or be self-sufficient. These may include provision of medical, dental, mental health services, and behavioral health services such as psychiatric, marriage, and family counseling and addictions treatment.

### 5. On-site Child Daycare Services or Programs

Physical space for the service must be provided. Service must be from a licensed childcare provider for 20 hours or more per week, Monday-Friday. Program should provide daycare for children up to 6 years of age. The Program is distinct from an after-school or out-of-school program as described below.

### 6. After-school Care or Out-of-school Services or Programs

Service should be provided for 15 hours or more per week. The service may be or may serve as a substitute for childcare, enabling the youth's parents or guardians to find or sustain employment. The program increases a youth's potential for personal and financial success by providing strong, supportive role modeling, supporting constructive behaviors, and contributing to a youth's development and interest in education. Program is for school-age children ranging in age from 5 to 17 years old. The program is distinct from on-site child daycare program as described above.

### 7. Bona Fide Service Coordinator/Social Worker Available

Documentation supporting the experience and the duties of a service coordinator (not the on-site manager, for example) must be included in the application.

**Estimated Score: 0****Status:** Not Started

Points will be awarded to projects based on the extent to which they promote community stability, such as by revitalizing neighborhoods by optimizing project site use, preserving affordable housing, being an integral part of a community revitalization or economic development strategy approved by a unit of the state, local, or federal government, promoting transit-oriented development and providing access to community amenities, incorporating the use of sustainable building techniques or standards, increasing economic integration, and not displacing low- or moderate-income households, or if such displacement will occur, assuring that such households will be assisted to minimize the impact of such displacement.

**Supporting documentation must be submitted for a particular stabilizing feature to receive points for that project feature.**

### 1. Revitalizing Neighborhoods by Optimizing Project Site Use, or Preserving Affordable Housing

**Maximum Points: 3**

Select one of the following five options, as applicable to the project:

☐ **Development on an Infill Site**

Development of housing on vacant and undeveloped parcels in dense areas, especially in urban and inner-suburban neighborhoods. The development takes advantage of existing infrastructure and promotes compact development that allows undeveloped land to remain open and green. For a site to be considered infill development, it must have been previously developed or on a vacant site where at least 50% of its perimeter must adjoin parcels that are already developed with existing urban uses (i.e., any residential, commercial, industrial, public institutional, transit or transportation passenger facility, or retail use, or any combination of those uses). Residential rehabilitation projects are not eligible for points under this criteria, only for points under substantial rehabilitation below.

Documentation requirement: A recent aerial photo of the site showing the outline of the entire site.

☐ **Adaptive Reuse of Non-residential Buildings or Structures**

The conversion to residential use of non-residential buildings or structures such as, but not limited to, warehouses, schools, hotels, and hospitals. At least 75% of the project's units must be newly created or made operational because of the project. Buildings that are already being operated as transitional or permanent housing do not qualify for points. Scope of work must be significant enough to require a construction permit.

Documentation requirement: Photos of the existing property or other third-party documentation validating the previous use. Photos or documentation should clearly show the extent to which the project involves adaptive reuse. Application narrative should describe mix of existing and newly created units and confirm scope of work will require a construction permit.

☐ **Substantial Rehabilitation of Vacant, Abandoned, or Substandard Buildings, which includes the preservation of affordable housing**

Renovation scope must be described in the application and hard costs in the development budget must be at least \$25,000 per unit. Scope of work must be significant enough to require a construction permit.

☐ **Not Applicable**

## 2. Community Revitalization or Economic Development Strategy

Maximum Points: 2

Select one of the following two options, as applicable to the project:

☐ **Project is located within a Community Revitalization or Economic Development Plan Area**

Project will be awarded points for being integral to a community revitalization or economic development strategy approved by a unit of the state, local, or federal government or instrumentality thereof, such as, without limitation, the following:

- o Priority Development Areas
- o Redevelopment Areas
- o Federal Place-Based Initiative Areas
- o Opportunity Zones

To qualify for points for any area that is not an Opportunity Zone, the community revitalization or economic development strategy must be memorialized by a Plan that meets the following criteria:

- o As of the application deadline, a government entity has formally adopted a Plan to revitalize a defined geographic area containing the proposed site. A standard Housing Element or General Plan is ineligible unless it contains a specific revitalization area where the site will be located.
- o Completing the project proposed in the application would contribute to one or more of the Plan's stated goals.
- o A government entity has made or is committed to making specific investments in non-housing infrastructure, amenities, or services beyond developing the proposed project.
- o By being located within the boundaries of the Plan, the project benefits from clear incentives such as a streamlined entitlements process, additional funding, or relaxed design requirements.

All project units, including scattered site projects, must be located within the Plan area or Opportunity Zone.

Documentation requirement: For all areas except Opportunity Zones, the Bank's Community Revitalization or Economic Development Plan Area form must be signed by an appropriate planning official and confirm that the Plan meets the criteria above. For Opportunity Zones, provide print outs from HUD's Opportunity Zone map (<https://www.hud.gov/opportunity-zones>) or the website of the Internal Revenue Service (IRS) showing that all of the project addresses are in Opportunity Zones.

☐ **Not Applicable**

## 3. Proximity to Transit and Amenities

Maximum Points: 4

Number of transit lines located within a 1/2 mile radius of the project

.....

Project must be located within a 1/2 mile radius of a transit station, rail station, commuter rail station, bus station, or public bus. One-half point will be awarded for each line or route available, up to a maximum of 2 points.

To receive points, the transit line must be in place at the time of application. Distances must be measured using a standardized radius from the development site to the target transit line stop. Points will not be given if the radius line crosses a significant physical barrier or barriers. Such barriers include highways, railroad tracks, regional parks, golf courses, or any other feature that significantly disrupts the pedestrian walking pattern between the development site and the transit line stop. The radius line may be struck from the corner of the development site nearest the target transit line, to the nearest corner of the target transit line stop. However, a radius line shall not be struck from the end of an entry drive or on-site access road that extends from the central portion of the site itself by 250 feet or more. Rather, the line shall be struck from the nearest corner of the site's central portion.

Documentation requirement: A printout from the websites of Google, Mapquest, or Walkscore clearly showing the number of transit lines and the project's distance relative to those transit lines. The map must be legible and have a clear third-party scale, such as Google's "measure distance" tool, and legend. Applications with non-contiguous scattered-site addresses will need to include multiple maps showing the distance from each property address to each relevant transit line. The Bank reserves sole discretion in determining the relevancy of the transit services and the suitability of the documentation in awarding points for this element.

List Name of Transit Lines (required to obtain points):

1000 character(s) remaining

## Number of amenities located within a 1/2 mile radius of the project

Project must be located within 1/2 mile radius of amenities appropriate and accessible to the project's population. One-half point will be awarded for each of the following eight items, up to a maximum of 2 points:

- o public park, recreational facility, or community center
- o public library
- o a grocery store that sells staples, fresh meat, and fresh produce, this can include similar grocery sections in large multi-purpose stores
- o health care facility or medical clinic
- o full banking services (check cashing or stand-alone ATM do not qualify)
- o public school (K-12), community college, or university
- o police or fire station, or post office
- o retail (i.e., clothing store, department store, hardware store, or pharmacy)

To receive points, the amenity must be in place at the time of application and relevant to the project population. Distances must be measured using a standardized radius from the development site to the target amenity. Points will not be given if the radius line crosses a significant physical barrier or barriers. Such barriers include highways, railroad tracks, regional parks, golf courses, or any other feature that significantly disrupts the pedestrian walking pattern between the development site and the amenity. The radius line may be struck from the corner of the development site nearest the target amenity, to the nearest corner of the target amenity site. However, a radius line shall not be struck from the end of an entry drive or on-site access road that extends from the central portion of the site itself by 250 feet or more. Rather, the line shall be struck from the nearest corner of the site's central portion. Where an amenity such as a grocery store resides within a larger shopping complex or commercial strip, the radius line must be measured to the amenity exterior wall, rather than the site boundary. The resulting distance shall be reduced in such instances by 250 feet to account for close-in parking.

Documentation requirement: Printout from the website of Google, Mapquest, or Walkscore clearly showing the project's distance relative to amenity. The map must be legible and have a clear third-party scale, such as Google's "measure distance" tool, and legend. Applications with non-contiguous scattered-site addresses will need to include multiple maps showing the distance from each property address to each relevant amenity. The Bank reserves sole discretion in determining the relevancy of the amenities and the suitability of the documentation in awarding points for this element.

**5. Economic Integration****Maximum Points: 1****Select if applicable to the project:**☐ **Location in High Resource Areas or Upper-Income Census Tracts**

All project units, including scattered site projects, must be located in a census tract(s), or census block group, designated as high or highest resource areas on the most current Opportunity Map, or equivalent area designated by a state or state Qualified Allocation Plan (QAP). If the state or QAP has no officially designated Opportunity Maps or other maps with designated high or highest resource areas, the project must be located in an upper-income census tract(s).

Documentation requirement: California projects must provide printout(s) of the state's [Opportunity Map](#)\*. Non-California projects must provide printout(s) of the project census tract(s) from the [website](#) of the Federal Financial Institution Examination Council (FFIEC) showing the project's location in an upper-income census tract.

Most recent date of permit-ready letter (if multiple building sites, submit list specifying properties and respective dates) .....

Submit the Project Readiness form signed by the local building permit agency as evidence of readiness to begin construction for all units. The Project Readiness form must be re-issued/re-executed with each new round. A proxy letter from tribal entities may be substituted for projects on Native American tribal lands. Points will not be awarded without documentation. Submit documents for each parcel. Credit cannot be awarded for building permit or permit readiness if full site control is not documented.

**In-District Projects (Maximum Points: 8)**

**Status: Not Started**

**Estimated Score: 0**

All units are located in the Bank's district comprised of Arizona, California, and Nevada .....

**Estimated Score: 0**

Points will be awarded to projects where all units meet at least one of the following eligibility criteria. Indicate which eligibility criteria will be met by the project below. **Supporting documentation must be submitted with the application to receive points.**

**1. Tribal Project Owner**

Project owner is a Tribal Government, an agency of a Tribal Government, a Tribally Designated Housing Entity for the purposes of the Native American Housing Assistance and Self-Determination Act (NAHASDA), or an entity incorporated under or otherwise created in accordance with Tribal law.

A Tribal Government includes a Federally Recognized Tribe, a Tribe Awaiting Federal Recognition, or an Alaska Village or Regional Corporation. Federally Recognized Tribe means American Indian and Alaska Native entities legally recognized by the United States Federal government and eligible to receive services from the United States Bureau of Indian Affairs (BIA). Tribe Awaiting Federal Recognition means an American Indian or Alaska Native entity on the BIA list of Petitioners for Federal Acknowledgement and/or an American Indian entity whose tribal status was revoked under the Rancheria Act of 1958. Alaska Village or Regional Corporation means Alaska Native entities established under the Alaska Native Claims Settlement Act of 1971 (ANSCA) and eligible to receive services from the BIA. These entities may also be known as an Alaska Native Corporation or ANSCA Corporation.

Documentation of the project owner's Tribal status must be provided to receive points. Ownership information must be consistent with what is shown in the nonprofit sponsorship and project readiness categories, as applicable.

Project owner type

## 2. Tribal Funding

Project includes Tribal Funding in its sources of funding, such as, but not limited to, Indian CDBG, Indian CSBG, Indian Health Service funds, and NAHASDA funding. The amount of tribal funding included in the sources of funds must be at least \$5,000 per owner-occupied unit (i.e., \$5,000 x total number of units).

Documentation must show that that the Tribal Funding is secured at the time of application and the funding threshold above is met.

## 3. Hawaiian Home Lands

All project units are located in a Hawaiian Home Lands housing area in which the Department of Hawaiian Home Lands is authorized to provide assistance for affordable housing under NAHASDA.

Documentation of the project's location within a Hawaiian Home Lands housing area must be provided in order to receive points.

**Subsidy per Unit (Maximum Points: 4)**

**Status: Not Started**

**Estimated Score: 0**

Subsidy per unit cap: \$100,000. Project will receive maximum points for requesting \$60,000 or less per unit and one point less for requesting between \$60,000 and \$100,000 per unit.

For reference only. Responses entered in the Subsidy Requested and Targeting to Lower-Income Households.

To assist in determining whether your project might be competitive for AHP, see the below summary of approved scores from recent funding rounds and compare to your project's estimated score. Results vary each year, but you are most likely to be competitive if your project is close to the range of previously approved scores.

Previous Round Year	Highest Approved Score	Lowest Approved Score
2025 General Fund	70.29	64.07
2024 General Fund	72.73	63.48
2023 General Fund	77.00	66.50

**Note:** Figures have not been audited. Scores of certain categories are determined relative to all project submissions and will vary according to round. Past results may have no relation to future outcomes.

### General Instructions and Notes

1. All shaded cells are protected and cannot be altered.
2. Complete all worksheets sequentially.
3. Information provided in the application must be consistent across all submitted materials. Applications with submission errors, omissions, or inconsistencies that result in an incomplete analysis of the application may not be accepted, at the Bank's discretion.
4. This workbook can be used for both AHP General Fund and AHP Nevada Targeted Fund owner-occupied applications.

### Targeting & Financing Sources Worksheet

1. Enter the current 50% (very-low) AMI, adjusted for family size, based on the HUD income limit guidelines. Tribal projects may use NAHASDA or other most applicable income limits.
2. Enter the targeted AMI for each unit type, (i.e. 50%, 60% etc.)
3. If sponsor is providing discounted financing, (i.e. zero % mortgages), select "Y" in the box and complete the Discounted Financing worksheet.
4. If project is a self-help project financed by the USDA RD 502 program, select "Y" in the box.
5. Payments must be calculated and entered manually for any additional payments for second or third mortgages under "Other Payments."
6. Enter the terms, rates, payment terms, and status of funding commitment for each funding source for homebuyer purchases.
7. Provide documentation for approved sources of financing.
8. To ensure consistent and reasonable rate assumptions, interest rates and spreads should be set in accordance with the Interest Rate Assumptions Guidelines.
9. If applicable, select which units are reserved for Homeless, Special Needs-Seniors, or Special Needs-Others. Number of units reserved must be consistent with the Homeless or Special Needs scoring categories to receive scoring credit. Credit is given for only one of these categories, not both.

### Sources of Funds Summary Worksheet

1. The worksheet collects data required by the Federal Housing Finance Agency. Select which sources are applicable to your project.
2. Include only permanent financing sources; exclude construction and bridge financing.
3. For HUD, USDA, and VA financing, select "Other Federal Housing Programs."
4. If a source does not fall clearly within the listed categories, select "Other."

### Development Budget Worksheet

1. If AHP funds will be used as downpayment assistance for the purchase of existing homes with no rehabilitation, enter the acquisition prices in the development budget under "Purchase of Existing Homes." The targeting worksheet must also reflect the same estimate of the sales prices of the homes to be purchased by eligible homebuyers.
2. Enter the project's residential square footage.
3. Select the building type, "Condos," "Single Family Homes," or "Townhomes."
4. Input any sources for the project that are not being passed on as a loan to the homebuyer and explain any discrepancies or differences between sources and uses of funds.
5. If sponsor is providing discounted financing, complete the Discounted Financing worksheet.
6. Do not include non-cash "costs," e.g. volunteer labor, pro-bono services, or expenses to be reimbursed.
7. Construction management (sponsor managed and project specific) line item should not include other overhead costs (unrelated to construction). Include other overhead costs in developer fee. Documentation to support this line item will be required if the project is approved.
8. If a lot is sold by the sponsor to the homebuyer for a sales price that exceeds the cash cost to purchase and develop the lot, the difference between the sales price and the cash cost is considered developer fee.
9. Include site improvements under the "On-site Improvements" and "Off-site Improvements," not under "Land Costs" line items.
10. Ensure purchase price/acquisition cost is consistent with readiness and donation sections in the AHP Application and that documentation is provided.
11. "Closing costs" are those to be paid by the developer, not the homebuyer.
12. Any silent second mortgages must be calculated and entered manually in "Subtract any silent second mortgages."

### Discounted Financing Worksheet

1. Complete the Discounted Financing worksheet only for projects where the project sponsor provides permanent financing for homebuyers, such as zero interest mortgages provided directly by a Habitat for Humanity affiliate.
2. "Total Adjusted Sources of Financing" must equal "Total Uses."

### Promotion of Empowerment Budget Worksheet

1. This worksheet ties to the scoring of promotion of empowerment for AHP General Fund applications only. No empowerment points will be awarded if this is not filled out. AHP Nevada Targeted Fund applications should still fill out this worksheet if services are provided in connection with the project.
2. Include the source(s) of revenue that will be used to pay for promotion of empowerment services described in the application.
3. Include all expenses related to these services.
4. Total revenue minus total expenses should equal zero.

### Benchmarks Worksheet

1. Provide detailed explanations for all benchmark deviations. Except for interest rate assumptions, benchmark deviations are indicated by "No" under the column "Within Benchmarks?". Detailed explanation of unique project features that supports the deviation must be provided.

### Targeting Score Worksheet

1. Informational only, no input necessary.

### AHP Application Comparison Worksheet

1. After completing all other worksheets, press the "Run Comparison Now" button. A new window will open on your screen. Find the project's AHP Application, select that file, and press "Open." (Make sure macros are enabled in the AHP Financial workbook).
2. If there are any "No's" in the "Match" column, review and edit the responses on the AHP Application and AHP Financial Workbook to ensure consistent data between the two documents.

This form is to be completed when requesting points under the Community Stability section of the Affordable Housing Program (AHP) General Fund application. **Please review the current AHP General Fund Reference Guide and the AHP Implementation Plan for further instructions.**

This form is to be completed by a planning official as indicated below, not by the project sponsor.

**Project Information**

Project Name		
Assessor's Parcel Number(s)		
Address(es)		
City	County	State

**Section I**

Title of Community Revitalization or Economic Development Plan (Plan):		
The Plan has been adopted and is still in effect:    Yes <input type="checkbox"/> No <input type="checkbox"/>		
The project is consistent with and meets the targeted priorities of the Plan:    Yes <input type="checkbox"/> No <input type="checkbox"/>		
Are all of the project's units located within the geographic area of the Plan?    Yes <input type="checkbox"/> No <input type="checkbox"/>		

For a project to be eligible for points, the Plan must meet all of the following criteria:

- As of the application deadline, a government entity has formally adopted the Plan to revitalize a defined geographic area containing the proposed site. A standard Housing Element or General Plan does not qualify unless it contains a specific revitalization area where the site will be located.
- Completing the project proposed in the application would contribute to one or more of the Plan's stated goals.
- A government entity has made or is committed to making specific investments in non-housing infrastructure, amenities, or services beyond developing the proposed project.
- By being located within the boundaries of the Plan, the project benefits from clear incentives such as a streamlined entitlements process, additional funding, or relaxed design requirements.

Does the Plan area where the project is located meet the above criteria?    Yes ☐    No ☐

Section II

Indicate who is signing this form:

Plan Author ☐ Plan Approval Committee Representative ☐ Plan Manager ☐ Local Planning Official ☐

Section III

*This form must be re-issued/re-executed with each new round.*

I, the undersigned, certify that (1) I am a duly authorized representative of the Plan Author, Plan Approval Committee, Plan Manager, or Local Planning Official as specified in the check box above; (2) I possess the requisite authority to provide this certification pursuant to the explanation provided above; (3) I have met with the project sponsor and discussed this form and the statements included herein; (4) I have reviewed the property address(es) within the project's plan and all of the project's units are within the boundaries of the Plan referenced above; (5) as of the date listed beside my signature below, the Plan noted on this form is in effect; and (6) I and/or my family members do not have a financial interest in this project.

For the purposes of applying for the Federal Home Loan Bank of San Francisco's Affordable Housing Program, I confirm that the above information is correct to the best of my knowledge.

To facilitate information sharing between and among the member, the sponsor, and the Federal Home Loan Bank of San Francisco (Bank) with regard to the project application, the Bank uses a secure information sharing portal (Portal). Complete this form to request that the Bank create a project workspace on the secure Portal to upload all required documentation for the project identified below. Also use this form, as needed, to update information regarding Portal Authorized Representative(s) after a project workspace is created.

At least one Member Portal Authorized Representative and at least one Sponsor Portal Authorized Representative (together, "Portal Authorized Representatives") are required to access a project workspace. Members and sponsors may also designate up to three additional Portal representatives.

- The **Member Portal Authorized Representative** (designated on page 2) is an authorized employee of the member, designated to submit documents to the Bank on behalf of the project. The member's employee(s) must have an official email address on the member's domain. A third-party email address (Gmail, Yahoo, or another organization or company's domain) is not allowed.
- The **Sponsor Portal Authorized Representative** (designated on page 2) is an authorized employee of the project sponsor, designated to submit documents to the Bank on behalf of the project. The sponsor's employee(s) must have an official email address on the sponsor's domain; a third-party email address (Gmail, Yahoo, or another organization or company's domain) is not allowed.

A Member or Sponsor Portal Authorized Representative may have access to more than one project workspace, but a separate Workspace Set-up Request is required to identify Portal Authorized Representatives for each workspace.

Project workspaces will need to be created twice for a successful AHP project. The first workspace is created prior to submitting an AHP application, and a second workspace is created prior to disbursement of AHP funds. When creating a project workspace, the form must include both member and sponsor signatures. When a member or sponsor uses this form to add a new Portal Authorized Representative after a workspace is created, only the party adding the new Portal Authorized Representative needs to execute the form. A PDF attachment of each completed request should be emailed to [ahpportal@fhlbsf.com](mailto:ahpportal@fhlbsf.com).

By signing on page 2, member and sponsor each acknowledge and agree that any access or other use of the Portal by the member or sponsor, or any Member Portal Authorized Representative or Sponsor Portal Authorized Representative, is subject to the [AHP Portal User Agreement](#) and the Bank's [Public Website Privacy Policy](#).
